Comparison between 2021-22 and 2022-23 Testing Data

(adapted from https://www.fldoe.org/accountability/assessments/k-12-student-assessment/results/2023.stml) In 2023, the state transitioned from Florida Standards Assessments (FSA) to Florida Assessment of Student Thinking (FAST) for English Language Arts (ELA) and Mathematics. The 2022-23 for FAST and Benchmarks for Excellent Student Thinking (B.E.S.T.) End-of-Course (EOC) assessments are based on **provisional** achievement level cuts that are linked to each assessment's respective 2021-22 reporting scale. Comparisons should not be made between the 2023 data and previous years' data. The implementation of FAST K-2 in the 2022-23 school year was the first administration of statewide assessments for students in grades K-2. These assessments include Star Early Literacy Proficiency, Star Reading Proficiency, and Star Math Proficiency.
